

The background of the image is a movie poster for 'Transformers: The Movie'. It features a close-up of Optimus Prime's face, with his blue and red visor glowing. Below his face is a view of the Earth from space. The title 'TRANSFORMERS' is written in large, metallic, 3D block letters at the bottom. The names of the cast members are listed in the center in a stylized font with a green and red outline.

The Future Backyard Habitat

The Big Picture

The Groups' primary objective is to balance wildlife habitat protection, and enhancement, with long term income investments for the community.

What is a Backyard Habitat?

- A backyard habitat is a manipulated piece of land that is created to support wildlife.
- A backyard habitat can be as simple as planting a few flowers to attract butterflies.
- Backyard habitats are also very eco friendly.

Getting Down To Business

- Kentucky has shown positive trends in wildlife viewing.
- These trends have benefited local area economies throughout Kentucky.
- The Land Between the Lakes area showed a vast increase from 2006 to 2007 in tourism and recreational activities.

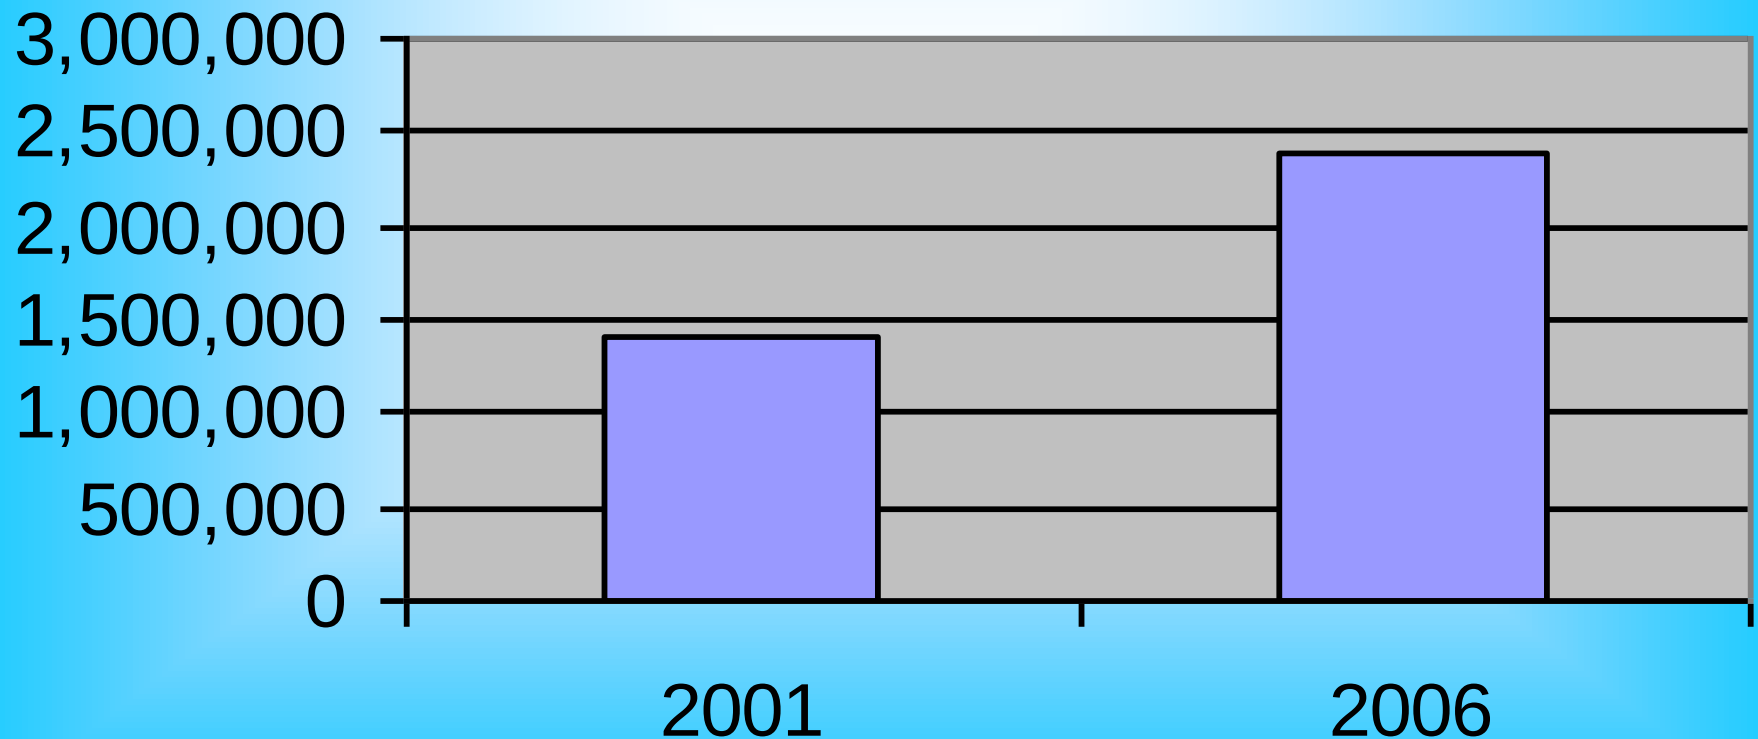

Statistics

- Over 1.3 million new dollars were spent in Trigg county between the 06-07 years.
- This was a 6.6% increase from 06-07.
- Cadiz-Trigg county supported 237 jobs with a total payroll of 5.9 million dollars.
- This shows an increase of 3.2% or 190,000 dollars from 2006.

Difference Between Wildlife Viewing in Kentucky Between 2001-2006

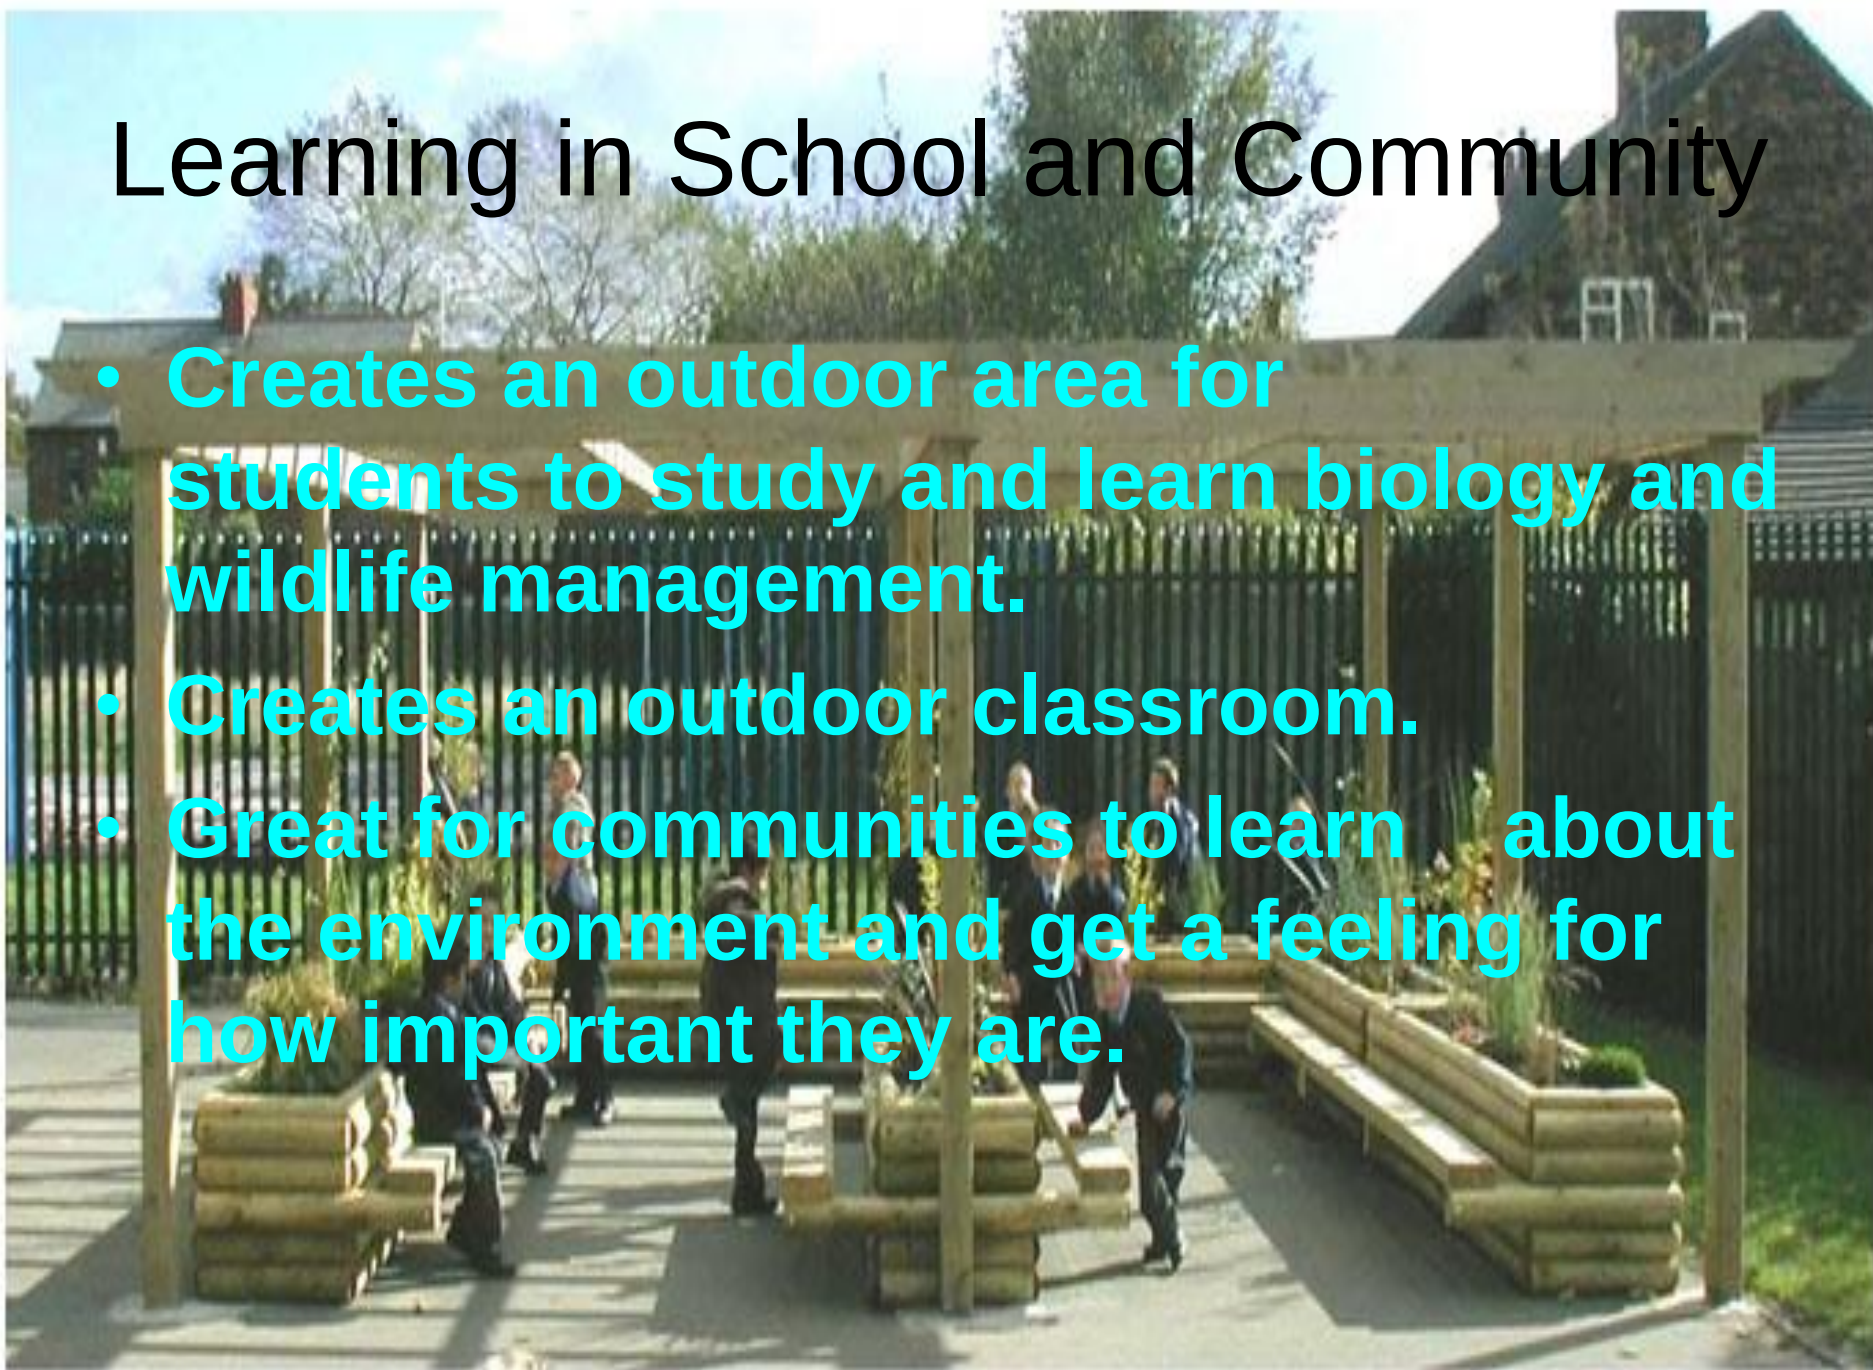

Discovery

How will people learn about the habitat?

- **Radio**
- **Newspaper**
- **Magazine**
- **Website**
- **Fliers**
- **Road Signs**
- **Television**

Learning in School and Community

- Creates an outdoor area for students to study and learn biology and wildlife management.
- Creates an outdoor classroom.
- Great for communities to learn about the environment and get a feeling for how important they are.

Ecological Importance

- Create scenic areas and attract tourist
- Creates better air quality
- Biodiversity conservation
- Better water quality
- Replenish resources

Conclusions

- Why create a backyard habitat?
- Can backyard habitats draw in revenue?
- So get out there and transform the world!
